Final Audit Report Abstract

Key Entities Covered by the Audit Report

Political party VMRO Democratic Party for Macedonian National Unity (VMRO – DPMNE)

Audit Subject

Audit of financial statements together with compliance audit

Audit Objective

To obtain reasonable assurance about whether financial statements are free from material misstatement and whether reflected activities and transactions comply with legal regulations.

Key Shortcomings

Ban for temporary disposal of part of the political party property with a procedure initiated in 2018, which affects the estimated value of part of the real property presented in the Balance Sheet. In the business books for 2020, the value of the property has increased for the calculated revaluation.

Audit Opinion*

We expressed qualified opinion on the reality and objectivity of financial statements and qualified opinion on the compliance of financial transactions with relevant legal regulations, guidelines and policies in place.

Key Recommendations

Responsible persons of the political party to take measures and activities for correct presentation of the real property in the Balance Sheet, following the completion of the procedure before competent authorities.

Key Systemic Weaknesses

To review the legal provision on financing election campaign with funds from the regular account; to clarify the part on financing the election process with donations from a political party in relation to single and total limits of funds; to amend and supplement bylaws that regulate the accounting of non-profit organizations and to regulate payment method, payment and registration of membership fees as a source of funding.

Comments on Draft Audit Report

We have received a comment on the Draft Audit Report and it was assessed that it constitutes an explanation on the ascertained state of affairs.

Response on Draft Audit Report Comments

The response to the comments is enclosed with the Final Audit Report.
